UPTOWN

CANAPÉS MENU

Canapes are priced at £2-£2.50 per canape

We advise a minimum of 3 canapés per person & a choice of 3-5 canapés including a vegetarian option. Once you have your final numbers and choices we can give you a price built around your requirements.

Can the canapes be dropped off or collected?

All cold canapes can be built off site and delivered to an address of your choosing. Delivery charges will apply subject to your location. They are delivered on disposable trays, making them easy to dispose of after and keep them intact during delivery.

Can we have the canapes made on site?

Yes, you can. This is a great way to have freshly made food on site and by doing this you have the option of serving hot canapes as well as cold.

(Please note there will be an additional cost for our chef to be on site)

How are they presented?

When made to order, we typically present them on rustic wooden trays lined with personalised parchment paper. Alternatively we can place them on black slate, subject to the style of your event.

What I would like isn't on the menu?

That's fine, we use this as a guideline based on our most popular requests. We have an extensive range of items and are very happy to discuss further options.

Yes, it can. This will be delivered to you in disposable containers and left with a recipe card for you to cook at home.
